

German Canadian Football Club

Enjoyable Environment Policy

Purpose

The German Canadian Football Club (“GCFC”) welcomes all to try out and play for our Competitive and Recreational programs - not just those of German heritage! Everyone should experience our community club in a positive way, regardless of age.

Particulars

The German Canadian Football Club is focused on creating a fun and enjoyable environment at all GCFC games, practices and events. Our teams of all ages (6 to 60+) work hard to succeed while staying committed to ensuring fun and enjoyment are part of every member’s, player’s, coach’s, manager’s, referee’s, volunteer’s and spectator’s soccer experience. Above all, soccer experiences at the club should bring the participant joy, regardless of their age. The health benefits of playing soccer and making friends are felt by the club’s members at all ages!

Through this commitment, GCFC fosters long term participation by our members and success both as an organization and part of the community.

The German Canadian Football Club fully supports and will implement this policy at all times.
